(c) whether Government propose to revise the rale of remuneration for the patients in Occupational Therapy Department of the Central Institute of Psychiatry. Ranchi;

(d) if so. by when the rates are likely to be revised; and

(e) if not. the reasons therefor?

THE MINISTER OF SOCIAL JUSTICE AND EMPOWERMENT (DR. SATYA NARAYAN JATIYA): (a) to (e) Mental patients require not only pharmacological treatment but also non-pharmacological treatment in the form of various psychotherapies. Token economy is also a form of therapy where patients gel reward which reinforces the desired behaviour in such patients. This is important for the rehabilitation of mental patients who have been ill for long time and need to be taught skills that would be required for their rehabilitation in the society. In Central Institute of Psychiatry, Ranchi patients are trained in various occupational skills in the occupational therapy (OT) department. This training is a part of the therapy of such patients. The amount of Re. 1/- is given to the patients as a reward to reinforce their interest in continuing with the training imparted to them in the O.T. department. This amount is not the stipend given in exchange of any work taken from them but is a part of the treatment.
